

Download Instructions

1. Place the iPaq in the **Expansion Pack** with the **Ethernet Card** connected.
2. From the “Start” menu, tap “Internet Explorer”.

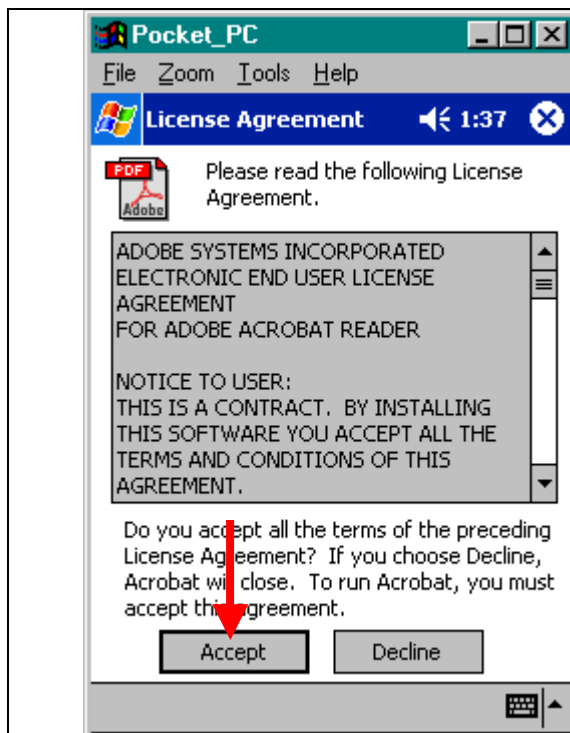

3. Input URL:
http://www.udot.utah.gov/cns/PDBS_Fieldbook/FieldBooks.htm
4. Tap the document you want to download.

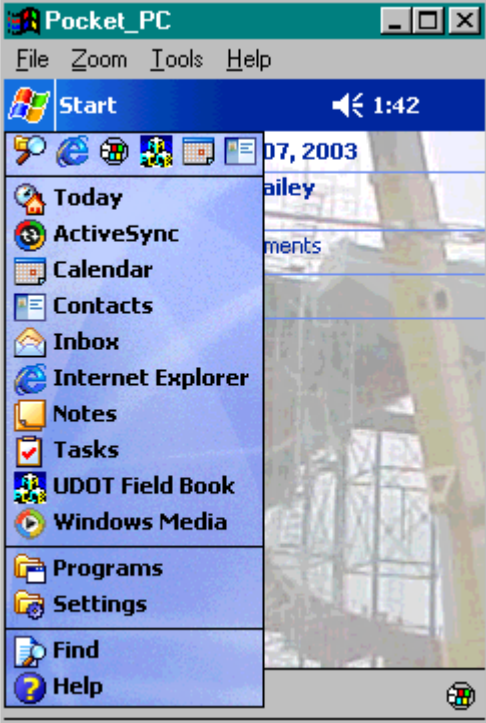

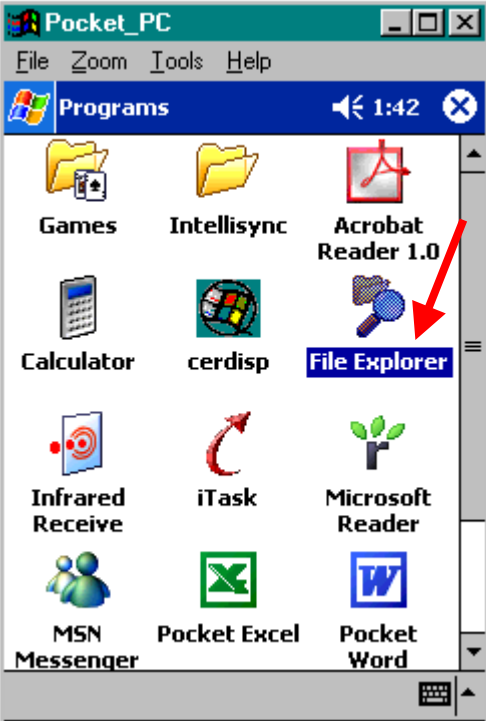

5. Tap **“Yes”** to download the document to the default folder.

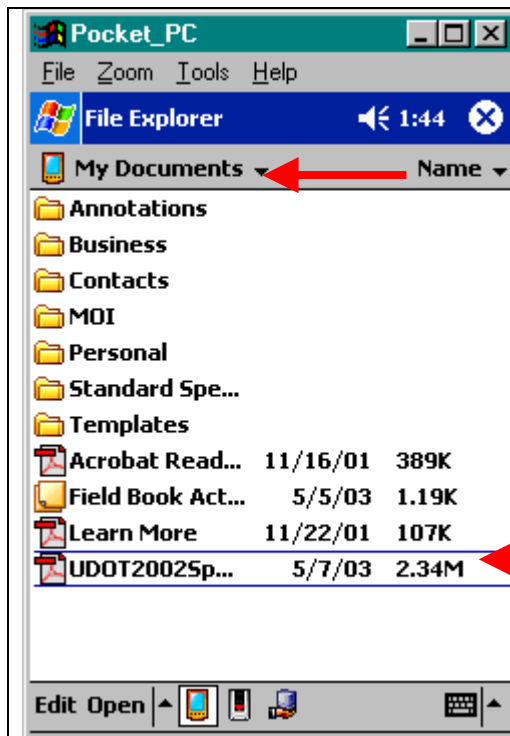

NOTE: You can Tap, **“Change”** if you want to download the document to another folder. You can create folders on the iPaq (i.e. Standard Specifications, MOI) for your documents.

6. First time you use Adobe Acrobat reader you will get this message. Tap **“Accept”** to accept the terms of the Adobe agreement. You will not get this again.

	<p>7. To view your documents, from the “Start” menu, tap “Programs”.</p>
---	--

	<p>8. Tap “File Explorer”.</p>
--	--------------------------------

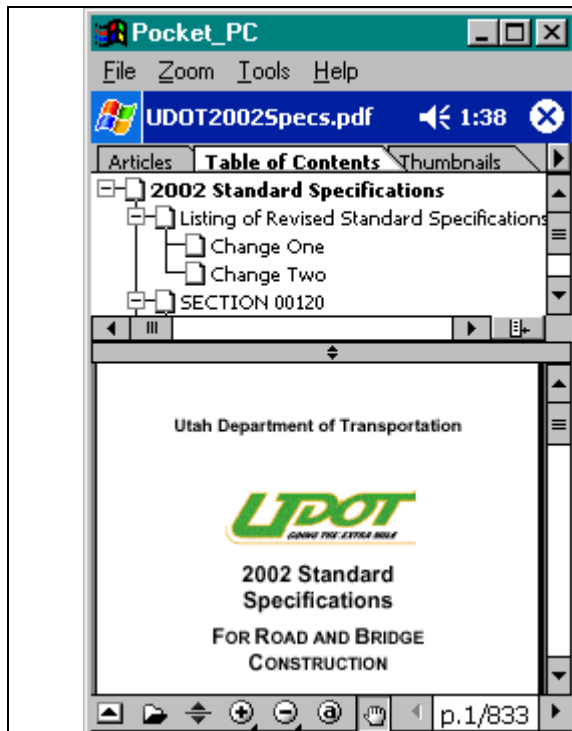

9. Select, “**My Device**” and then “**My Documents**” from the dropdown.
10. Tap the document to view.

NOTE: You can create folders for your documents by tapping and holding down in a blank area of the window and tapping “**New Folder**”:

Then you can tap and hold down on the document and use the “Copy” and “Paste” to the copy the document to the folder.

NOTE: You must have “**Adobe Acrobat for Pocket_PC**” installed on your iPaq to view documents.
